EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Breneman (Reg. 26,714) on 1/20/2006.

The application has been amended as follows:

In claim 26, on lines 19-20, "a position sensor for at least one stapling head position or at least one clincher position" has been changed to,

--a position sensor means for sensing the at least one stapling head position or at least one clincher position in a proper reference position--.

In claim 27, on lines 18-19 "a position sensor for at least one stapling head position and at least one clincher position" has been changed to,

--a position sensor means for sensing the at least one stapling head position and at least one clincher position in a proper reference position--.

The following is an examiner's statement of reasons for allowance:

The art of record considered as a whole, lone or in combination, neither anticipates nor renders obvious a stapling device comprising in combination a clamping device which includes a pressure component for exerting a force perpendicular to the shifting direction of the corresponding stapling head and clincher.

Art Unit: 3721

Further, the art of record considered as a whole, lone or in combination, neither anticipates nor renders obvious a stapling device comprising in combination a position sensor means for sensing the at least one stapling head position and at least one clincher position are proper registry.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathaniel C. Chukwurah whose telephone number is (571) 272-4457. The examiner can normally be reached on M-F 6:00AM-2:30PM.
